April Update
By Danny Davidson

CPA purchased 6 food boxes to be distributed by Samaritan air to villages in western Alaska, subsequently Global partnership Ministries and Davis Hobson purchased a total of 60 food boxes, including the six CPA bought, a total of 2,640 pounds. Davis Transported the boxes to Soldotna in his pick-up and accompanied them in a MARC aircraft to Nondalton. Pastor Hobson was able to personally deliver the boxes to each home in the village, along with a Gospel witness. Davis said the village radio airways were full of thankyou's. Upon return from Iditarod I had several phone messages of thanks from Nondalton for the food / gift boxes we had sent with our personal greeting inside. This is a very interesting way to build relationships, kind of like putting a note in a bottle and pitching it in the ocean, and we heard from the recipients, Praise the Lord.

Food Bank of Alaska, Davis Hobson, Global Partnership Ministries and Christian Pilots Association of Alaska partnered on delivering 1400 pounds of food to struggling families in the village of Tyonek.. This was accomplished between the eruptions of our local volcano, Mt Redoubt. Eric Johnson and Danny Davidson both flew two trips full of food boxes to the village. Scott Kirby and Al Gozmer went house to house delivering the boxes, 50 of the 65 houses were visited. The last flight out beat the ash by one hour. PTL

If you or your church, small group etc want to participate: Contact Jared at the Fred Meyer Debar road-direct line 269-1718, he will take your credit card on the phone and ship the box to Samaritan Air for \$42. Or go to the store and put your personal cards or blessings in the box.

Mission s Prayers / plans

We continue with meetings in Tyonek, weather permitting. Please pray for Tyonek and for the Lord to be in each meeting there.
